Dawn Center knows the importance of having the option for survivors to bring their pets into shelter in an emergency safety situation. We are happy to announce that we now offer shelter for

Voices of Survivors

What this *real* participant in Dawn Center programs had to say...

"To everyone at the Dawn Center, I am not able to find the right words to adequately express my gratitude for all of your help. I may not have been able to win my case without the assistance you provided. Everyone in my family thanks you as well. You are a light in the darkness for the women and children who feel alone and without means to reach out for something better. May God bless each one of you and keep you safe". Best Regards- Survivor

situation. We are happy to announce that we now offer shelter for the pets of survivors seeking shelter. We have a small kennel on property that can house a dog and cat comfortably. We look forward to growing this kennel in the future. We are always in need of donations for our kennel program such as pet beds, cages, blankets, cleaning supplies, and more. Please call 352-684-7191 for donation drop off locations.

COMMUNITY AWARENESS

Community Awareness and teaching prevention to our youth is a large part of our focus in ending the violence. Dawn Center promotes healthy relationships, bystander intervention, and anti-bullying education within our community.

We were proud to be a part of the
KIDS SAFETY FAIR at Oak Hill Hospital.

Kids used squirt guns of Paint to spray a canvas committing to "Ending the Violence Today"

The finished picture was given to The Pediatric Emergency Care Center for display in their offices.

Dawn Center also engaged our youth at Father-Daughter Skate Nights. Thanks to the two events we were able to promote healthy relationships between fathers and daughters, collect canned goods for the shelter's pantry, and raise money to benefit

Dawn Center's many programs. Check out the Event Sponsors:

STAFF CORNER

June 2nd 2015 was Gun Violence Awareness Day Supporting Ending Gun Violence. Our staff joined the movement by wearing orange

The presence of a gun makes it 5 times more likely Domestic Violence will turn into Homicide. So many victims of Domestic and Sexual Violence have lost their lives to Gun Violence. We wore orange for those who have not lived to tell about it.

Each year in May, the Florida Coalition Against Domestic Violence encourages domestic violence advocates to practice self-care. They have a contest to see which agency has the most healthy hours counted for the month. All together our advocates spent 588 hours doing healthy activities and had 240 reported healthy meals. We displayed our hard work on a poster contest at the conference. Have fun looking at our creativity.

Executive Director Corner

IN THE MEDIA

Inspired quotes from [MEN who take a stand against violence against women](#):

"Our silence is deafening and deadly." — James Brown, CBS Sports

work in the great state of Florida! Not only has Dawn Center continued to provide excellent service to survivors of domestic and sexual violence and their children in Hernando County, but our Florida Legislature has been hard at work passing new laws that will support survivors for years to come. Some of this new legislation will take effect July 1 and others on October 1 of 2015. Some of the exciting changes include Florida's first law making it a criminal offense for someone to install a tracking device or application on another person's property without their consent, extension of the statute of limitations for certain sexual offenses to eight years, enhancement of criminal penalties related to human trafficking, and Florida's first law that criminalizes sexual cyber-harassment such as distributing explicit photographs of someone online without their consent. Those of us at Dawn Center would like to thank the members of the Legislature for their commitment to survivors of domestic and sexual violence and their children. These new and strengthened laws will provide much needed relief for survivors as they rebuild their lives. We are proud to live in a state who takes these issues seriously and takes action to protect our citizens!

"Young men need to show women the respect they deserve and recognize sexual assault and to do their part to stop it." — Barack Obama, President of the United States

"There is never a reason for any man to be violent towards any woman." Chris Harris, host of The Bachelor

"Men have an important role to play in sending out the message that real men do not hurt or abuse their partners." — Ian Somerhalder, actor

"Those of us who have the eyes and ears of the media have a responsibility to amplify the voices of the voiceless." — Peter Gabriel, singer

"One of the most basic things we can do is let the men in our lives know it's not okay to mistreat a woman." — Tim McGraw, singer

"But think about how evil that is for one man to think that he's actually more valuable than a woman, because as a human being your worth is immeasurable." — Terry Crews, actor
